### February Clearing Sale

IN plain English and fewer words it simmers down to this, that these beautiful goods couldn't be made for the money, they are on sale at. Dissect each daily article piece by piece. Figure the Cost. Note the remarkable quality of the goods. Compute their value no skimping of quality or material here. We stand behind them, and they are not unseasonable. For the next two months the weather is bound to be changeable and dangerous to the public health, these warm goods will be needed. Many a man and woman are lying in their graves by jumping into summer goods too quick. You don't need to take the chances at these reductions. We want live Customers, warm goods at these prices are cheaper than life insurance and safer.

**Opportunity.**  
If you are fresh (the shell) are highly closed. Fresh fish is a highly cured position, never straight.

**New York's Obelisk.**  
New York City boasts the oldest structure on the hemisphere. It is the Egyptian obelisk in Central park, first erected as an offering to the sun god by Thothmes III. Moses saw it when it was old, for it was constructed more than 1,000 years before the Christian era.

**Bloomers.**  
The bloomer costume was first worn by Mrs. Bloomer in New York in 1840.

**Order of the Bath.**  
The Bath order of knighthood is found in the earliest ages of the English sovereigns. It derived its name from the circumstance that bathing constituted one of the principal features in the installation of knights.

**Japanese Fishermen.**  
The net used by Japanese fishermen for yellowtail, bonito and sea bream is sometimes several thousand feet in length. The seine nets are sometimes three miles long.

**Finger Rings.**  
People who wear their rings to last well should not wear them under gloves. The constant flexion of the gloves wears the top of the ring, and the stones fall in place, and the result is that the stones fall out unless they are closely looked after.

**High Priced Poetry.**  
Sannazaro is said to have received a price of 50,000 golden crowns from the Venetian citizens for a six line poetic eulogy of their city in the sixteenth century.

**Reverend.**  
The title "reverend" was until the sixteenth century addressed to many other besides clergymen, such as judges and eminent writers, but from that time its use has been strictly confined to the clergy.

**Area.**  
Of Africa's area of 11,000,000 square miles Great Britain owns 2,700,000 and France 3,800,000, including Madagascar.

**Oldest Chemist Shop in England.**  
The oldest pharmacy in England is the quaint and conspicuous shop occupied by E. W. Lawrence on the east side of the market place, Knaresborough. The shop was established in 1720.

**Grindstones.**  
The strength of a grindstone appears from recent tests to vary widely with the degree of its wetness or dryness. Stones that are dry showing tensile strengths of from 140 to 180 pounds per square inch, but after soaking overnight breaking under stresses of 80 to 110 pounds per square inch.

**Balaklava.**  
Balaklava, famous for the battle fought there in a fishing village eight miles from Sevastopol.

**Pink.**  
"Pink" is a name bestowed on every cat in this country, originated in "Pinkie" given by the Egyptians to the sacred cat which they worshiped because they thought its eyes were like the moon.

**Danish Delicacy.**  
The skin of the whalebone, boiled to a jelly, is a favorite dish of Danish epicures.

**First Arrival of Cattle.**  
The first cattle from New England were brought over in 1624 and were treated by the settlers of Plymouth. The snow white heifer of Plymouth has been made immortal by Longfellow. It has been early brought to the settlements at Lynn and Salem, and Nahant in colonial days was considered a splendid pasture for sheep and goats.

**Astronomers.**  
Astronomers are the longest lived of any class, not even excepting clergy. Thirteen of the great astronomers have been over ninety at their death and thirty-two over eighty.

**Imp.**  
Imp once meant a child. Shakespeare, speaking of the children in the Tower, calls them Imps. Jeremy Taylor in one of his sermons speaks of "the beautiful Imps that sang hosannas to the Saviour of the temple."

**Pearl Fishing.**  
The Ceylon pearl fishing season lasts three to four weeks, but 22,000,000 oysters are brought to the surface in that time.

**An English Superstition.**  
A quiet superstition is prevalent in many English villages. When a woman is going to be married every effort is made to prevent her from seeing her wedding ring before the ceremony. It is considered that a sight of it except at the altar is bound to bring bad luck.

**The Barbary Ape.**  
The Barbary ape, found on the rock of Gibraltar, is the only European monkey. It is supposed to cross to and from Africa by means of a submarine passage.

**European Rivers.**  
A European river forty feet wide handles as much freight as an ordinary American railroad, while the Rhine carries more business to a block than the Hudson River. Spilled tug boats, barges and handsome swift steamers do the work, with anchored chain boats to pull the big loads up the rapids.

**Edmonton, Jan. 2.-W. A. Grisebach, the "boy mayor" of Western Canada, who has just completed his term of office as mayor of Edmonton for 1907, was paid a glowing tribute by the council upon his retirement from office, as an indication of the valuable services which he had rendered the city, they unanimously voted him a grant of \$500,000 for his regular salary of \$1,000.**

## SAVE THE CHILDREN

### Insure Them Good Health.

Ninety per cent. of children, under  
 twelve years of age, are being poisoned  
 and parents don't realize it.  
 Irregular bowels are the chief cause.  
 You parents know that your bowels  
 should move every day. You know  
 you must be as regular as clock-work  
 or the blood will become tainted.  
 Don't you realize that the children  
 must be as regular in getting rid of  
 the waste matter of their system?  
 Then, if you find that any of the  
 little ones so two or three days with-  
 out action of the bowels, don't run to  
 doctor, or senna tea, calomel, castor,  
 or harsh "liver pills." Those simply  
 purge the child—strain the bowels.  
 "Fruit-a-lives" are the ideal medi-  
 cine for children. They are fruit  
 juices and tonics in the form of a  
 pleasant tasting tablet. "Fruit-a-  
 lives" stimulate the liver, causing  
 more bile to flow. It is the bile  
 given up by the liver, which moves  
 the bowels. "Fruit-a-lives" regulate  
 the liver and bowels and thus com-  
 pletely cure constipation. They  
 sweeten the stomach, and are the final  
 tonic in the world to build up the  
 system and make children plump and  
 rosy. See a box—ask for \$2.50. Sent  
 on receipt of price if your dealer does  
 not handle them. "Fruit-a-lives"  
 Limited, Ottawa, Ont.

 A Vancouver lawyer, in an effort  
 to save himself the drink habit, delib-  
 erately stole a suit of clothes and  
 hid information against himself and  
 requested the judge to give him six  
 months sentence. The judge commuted  
 with the request and made it with  
 hard labor.

**HERES A NERBY ROBBERY**  
 St. Paul, Feb. 6th—A daring hold-  
 up was perpetrated on the Burling-  
 ton road in the St. Paul yards this  
 morning.  
 "Give that signal and you are a  
 dead man," was the order received  
 by Brakeman Wyland as he was about  
 to signal an order for the train to  
 pull out. The order was given by two  
 masked men, both of whom had a  
 revolver in each hand.  
 The train was loaded with valuable  
 freight and was being pulled by the  
 bandits at the time. The train was  
 on the Great Northern tracks bound  
 for Minneapolis, where the cars were  
 to be unloaded. The bandits, who  
 were armed with shotguns and re-  
 volvers, held the train up for some  
 time while the other calmly loaded a  
 truck with all the freight. It could  
 carry away as much as they wanted  
 of the goods of the railroad employees,  
 who were powerless to interfere. Both  
 robbers then made their escape.  
 The conductor of the train was in the  
 hands at the time getting his orders.  
 The train was loaded with valuable  
 freight and for Canadian goods and  
 much of this was stolen. Special rail-  
 road detectives are after the bandits.

## PACKING PLANT FOR DAYSLAND

The Dayland Press says: "A meet-  
 ing of the town council was held on  
 Monday evening, with all members  
 present, when the matter of the pack-  
 ing plant was discussed with Camille  
 David, who is the mover in the for-  
 mation of the company. The C. P. P.  
 having agreed to sell the site desired  
 at a very reasonable price and on  
 satisfactory terms, the council re-  
 quested the mayor to make a definite  
 proposition to present to the

 freely talked over, a resolution was  
 passed offering to give a free site of  
 fifteen acres and exemption from  
 municipal taxes for ten years to Mr.  
 David, provided he agrees to expend  
 at least \$10,000 on the buildings and

**THE PUBLISHER'S SONG**

How deaf to my heart is the steady  
 subscriber,  
 Who pays in advance at the birth of  
 each year,  
 Who lays down his dollars and offers  
 it gladly,  
 And casts 'round the office a halo of  
 cheer  
 Who never says, "Stop it, I cannot  
 afford it!"  
 Or, "I'm getting more newspapers  
 now than I can read."  
 But always says, "Send it, the fam-  
 ily all like it—  
 In fact we think it a real household  
 need!"  
 How welcome he is when he steps in  
 the sanctum.  
 How he makes our hearts thrill  
 How he makes our eyes dance  
 We outwardly thank him—we inward-  
 ly bless him—  
 The steady subscriber who pays in  
 advance.

## GOVERNMENT SUPPLY FREE SCHOOL BOOKS

Premier Bathford in moving the second reading of the bill to grant certain powers to the minister of education, Edmonton, a few days ago, made the important announcement that the government had decided to provide the pupils of the common schools of Alberta with free readers, and later, would consider the advisability of adding free text books on agriculture. This provision of courses was dependent upon the legislature providing the necessary estimates, but he did not anticipate any difficulty in that direction.

In support of the bill the premier stated that under the law as it stood at present, the minister of education may prescribe books for the use in our schools, but he had no power to enter a contract for the supply of the same, and he thought the occasion had arisen when this should be corrected. The matter of procuring text and reference books for our schools was broached at the first session of the legislature. It was felt that the present readers were not well adapted to our schools. They are the same as have been in use in Ontario for a great many years and which that province is now on the eve of superseding by a new series. It was desirable that text books more in harmony with the conditions of things in the west than the present readers should be had and this bill proposes to give the government power to communicate with the leading book publishing houses in this country in order to secure an up-to-date set of readers and reference books.

**MONTREAL BOY AND GIRL HEALED BY Zam-Buk**

Keep Zam-Buk Handy! Accidents will happen to the best regulated families, and the necessity of keeping handy a box of Zam-Buk—the valuable "first-aid" cannot be too strongly insisted upon.

Mr. E. Webster, 319 St. Lawrence Street, Montreal, says: "One day as I was filling a pan of water off the stove, my son Eddie ran toward me and knocked the pan off my hands. The water ran over his neck and scalded him very badly. It is a very awkward place on which to keep a plaster and several things which we tried failed to give him relief. We then applied Zam-Buk (which we had used some time before for a bad gathering on my little daughter's head) and this acted like a charm. It drew away the pain and healed the scald. We have proved Zam-Buk an invaluable remedy."

**NEWSPAPER CRANKS**  
(Gleichen Call)

It is the duty of a newspaper man to boost the town for all it's worth month after month, and so \$10 worth of printing go out of town because 10 cents can be saved by so doing. It is the business of newspaper men to give every local enterprise enthusiastic and frequent endorsement, and then catch about because he failed to record the fact that some prominent citizens had his delivery wagon painted. To subscribe liberally to every public, charitable and church enterprise, advertise them for nothing, pay his own way to everything, and then be called prejudiced and non-spirited because a column is not devoted to that particular affair. Do you wonder that there are so many cranks in the newspaper business? It is bound to make either a crank or a philosopher out of him.

The Alberta Government is to be commended for the promptitude with which it has taken in hand the establishment of an Industrial School for Boys, or probably more plainly, a Reformatory, in the province. Such an institution is needed, for every day a score of tender years appear in court on serious charges and the only recourse is to commit them to jail to be surrounded and contaminated by the older and hardened prisoners. A reformatory will have an uplifting effect on the boy, at least it should have. Through it he will be enabled to look at life anew, and to prepare himself for a trade. He will not be marked with the evil teachings of the worst of the criminal class, as would be the case in a jail but he will be brought into contact with good teachers, whose object will be to frame his life anew. Hon. Mr. Cross is to be commended for the activity and interest he has shown in the matter.

Mr. R. L. Borden has given notice of his intention to introduce a bill to amend the election Act by providing that a by-election must be held within a fixed period after a vacancy occurs. The length of this period will be left blank and to be decided on after discussion in the House if the government assents to the adoption of the proposed measure.

**NEW BILLS PASSED.**

The following bills were given their third reading at the Alberta Government and were passed to become law upon the assent of the Lieutenant-Governor:

"An Act respecting Partnerships," Hon. Mr. Cross.

"An Act respecting Security to be Given by Public Officers," Hon. Mr. Rutherford.

"An Act respecting Calgary Young Men's Christian Association," Hon. Mr. Cushing.

"An Act to grant certain power to the Minister of Education," Hon. Mr. Rutherford.

"An Act respecting Dow River Collieries Railway Company," Mr. Simpson.

"An Act to validate and confirm certain bylaws of the City of Edmonton," Hon. Mr. Cross.

The act respecting the Alberta School for boys was given its second reading and will be considered by the committee of the whole House.

The bill to provide for a system of taxation for the town of Dayland, was, in the absence of Mr. Rosewall, who has charge of it, upon motion of Mr. Boyle, referred to the committee on Municipal Law.

The following bills were then considered by the whole House:

"An Act respecting the Grand Lodge A. F. and A. M.," Mr. Simpson.

"An act to amend the Lethbridge Charter," Mr. Simpson.

"An Act respecting Government Telephone and Telegraph systems," Hon. Mr. Cushing.

"An Act respecting Alberta North-Western Railway Company," Mr. Bredin.

The committee reported up with progress except on the telephone bill, which was reported with amendments. The amendments provide that upon the sale of debentures by the province for extension of this work, the money already expended and which were taken out of the current revenue shall be refunded and charged to capital account.

### WETASKIWIN AT THE DOMINION FAIR

A great opportunity to advertise  
Wetaskiwin and the district will occur  
next July, when the Dominion Fair  
will be held at Calgary. This op-  
portunity will not, in all probability,  
happen again for several years, as  
this fair is held in a different part  
of the Dominion each year. The  
Dominion government make a large  
appropriation, and no doubt the  
provincial government of Alberta and  
the city of Calgary will each set  
aside a goodly sum towards making  
it the biggest thing of the kind  
ever held in Western Canada. Ex-  
hibits from all sections of Saskat-  
ewan, Alberta and British Colum-  
bia will be there, particularly those  
exhibits pertaining to the tilling of  
the soil and kindred arts; the great  
pastoral, agricultural and horticul-  
tural resources of the last great  
west will all be represented. Thou-  
sands of people from all over Canada,  
the United States and Great Britain  
looking for locations in the greater  
last west, will attend this fair, and  
it behooves the citizens of Wetaski-  
win and the people of the district to  
arrange for a first-class exhibit of  
the various products of this district  
to be there. It may seem, to some,  
a little early to be talking about an  
event which will not take place for  
nearly six months, but, so that ev-  
eryone will have ample time to  
discuss the matter, collect the ex-  
hibits and get them in shape for ex-  
hibition, it is absolutely necessary to  
have lots of time. The Board of  
Trade and the City Council should  
each put an active committee to  
work along these lines at once. DO  
IT NOW. Particular attention must  
be given to the exhibits of agriculture,  
because the people that we want to  
attract to this district are home  
seekers of the agricultural class. Of  
vegetables there should be a banner  
exhibit, perhaps kept fresh by daily  
shipments. Grasses and grain in the  
sheaf should also be given a promi-  
nent place. A first-class series of lar-  
ge sized photographs of various parts  
of the district should also be given  
prominence. The whole exhibit should  
be in charge of a man who knows  
the district thoroughly and one who  
can answer questions intelligently.  
He should also be supplied with some  
concise and tactful literature. We  
need this exhibit at Calgary and it  
is up to the people of Wetaskiwin  
and the district to see that we have  
it.

### AN OPTIMISTIC VIEW

Mr. E. P. Hutchings in The Win-  
nipeg Tribune says: "The stringency  
in the money market will be relieved  
as soon as the premium on gold has  
gone down sufficiently, and as soon as  
gold gets cheap again the banks will  
be able to get out their circulation,  
which they have been drawing in for  
the past six months, and which is of  
no use of them piling up in their  
vaults, as there it bears no interest.  
Money held in this way is of no  
more use to them than my harness  
goods would be to me piled up in  
boxes in my warehouse. In a short  
time the banks will be just as anxious  
to let their money out on good se-  
curity as at present they appear to  
be to hold it. A large amount of  
money will be spent in Manitoba  
and the west this year. I need only  
give one of two illustrations to show  
the rapid advance we are making.  
Take for instance the Winnipeg ter-  
minals of the G. T. P. and O. N. R.  
which will cost about \$5,000,000;  
the high level bridge at Leithridge,  
\$1,000,000; high level bridge at Ed-  
monton, \$10,000,000; Alberta's new  
parliament buildings, \$500,000; also  
at Edmonton, G. T. P. shops, elec-  
tric railway, also the road to be built  
west from there; Battleford bridge  
across the Saskatchewan, \$250,000;  
Prince Albert bridge across the Sas-  
katchewan, \$150,000; also long  
line from Prince Albert to Battleford  
on the north side of the river. The  
construction of the Dominion fair  
buildings at Calgary and the fair it-  
self will also distribute a lot of  
Wetaskiwin and the district will occur  
to be seen on every side, and I  
might go on enumerating.

### WETASKIWIN FIRE BRIGADE BAND

A well attended meeting of those  
interested in the welfare of the We-  
taskiwin Fire Brigade band was held  
in the fire hall a few days ago. The  
band now comprises 19 pieces  
and under the leadership of Prof.  
McMahon, promises to be a most  
fashionable organization during the  
coming summer. Many new mem-  
bers have joined the band, and we  
feel assured the concert during 1908  
will be far superior to those of any  
previous year.

The following is a list of the offi-  
cers elected:

President, A. R. Dickson  
Vice-Pres., E. H. O'Brien  
Secretary, O. N. Woods  
Treasurer, W. Lake  
Bandmaster, E. A. Molanese

Honorary Members—L. Hannan, T.  
Towson, T. Montgomery, E. G. Ho-  
del, D. A. Ward, P. A. Miquelin, T.  
Lake, Geo. Pollock.

### CROOKED LAKE

John E. Peterson of Gibbon, Minn-  
esota, has been here on a visit to his  
father, August Peterson, and his  
wife, Adolph Peterson. They called  
on some of their neighbors and friends  
while John was here. He left on  
Thursday for Edmonton before return-  
ing home. He was a very pleasant  
gentleman to meet and we hope he  
will come again.

Remember the donate at the Rose-  
land school house on Saturday even-  
ing at 8 o'clock p. m. Come every-  
body and see what you can see.

The Crooked Lake Local Union So-  
ciety of Equity meets on the first

### CITY NEWS

The many friends of Mrs. O. H.  
Anderson are pleased to learn that  
she has recently undergone a very  
successful operation at Minneapolis.

Mrs. A. E. Gayler of Wetaskiwin,  
is visiting Mrs. Stuart Smith, corner  
12th street and Victoria avenue—  
Bulletin.

Miss May Jones has returned to her  
home at Lewistown after spending  
several weeks with Wetaskiwin friends.

As there has as yet been but few  
last year weddings, we have come to  
the conclusion that the dear girls  
must be bashful. We have a very  
fine bunch of young bachelors in We-  
taskiwin to select from and the girls  
should get busy ere the opportunity  
passes.

The Ponoka Herald says that the  
members of the Legislative Assembly  
will visit that town on Friday, Feb-  
ruary 21st and remain until Satur-  
day. A public banquet will be  
tendered them and active committee  
have been appointed to arrange for  
the entertainment of the distinguish-  
ed visitors.

John J. Young, the oldest and  
most influential Journalist in the  
west, after a period of nearly a quar-  
ter of a century arduous work, with-  
draw from the Calgary Herald, re-  
spected by the entire press of the  
Province, Feb. 1st.

A very pretty quiet wedding was  
celebrated Monday in the Methodist  
parsonage by Rev. G. W. Kerby, when  
Mary Isabelle McKern of Mount Por-  
tland, Ont., was united in the holy  
bonds of matrimony with Charles  
Gardner of Bawlf, Alta. The happy  
couple have spent the last two days  
in Calgary registered at the Braemar  
lodge and leave for Bawlf tomorrow  
morning where they will make their  
home. Mr. Gardner is in business  
there and to hear the enthusiastic re-  
marks about that place one is led to  
believe that it is the axis of the uni-  
verse—Calgary Herald.

### LEWISVILLE

Mr. W. T. Hinton, a prominent  
farmer of Lewistown, met with an  
accident on Wednesday last by which  
he broke his leg above the ankle.  
Mr. G. A. Woods met with an ac-  
cident on Sunday last by which he  
broke the knee cap which will dis-  
able him for some time.

### CORRESPONDENCE

(We do not necessarily endorse the  
sentiments advanced by this or any  
other correspondent under this head-  
ing.)

To The Editor of The Times:  
Dear Sir—As it appears Wetaski-  
win has now an hospital in good  
running order, open to all denomina-  
tions, would it not be well to sug-  
gest to the ministers of the different  
congregations to arrange to have one  
special Sunday in the year appointed  
as Hospital Sunday, when collections  
on that day would be made for that  
sole purpose. Respectfully  
BRIN.
